

Mercy Health Care

Decommission of Operating Hospital

CHALLENGE

Mercy needed a consulting group who could affect a smooth transition from closing hospital operations to a final facility shut-down.

SERVICES

- Major Equipment Removal and Relocation
- Building System Audit
- Energy Conservation Measures
- Alternative Use Studies
- Security and Housekeeping

SOLUTION

Colliers International, working in conjunction with Mercy Health Care, coordinated with all trade and equipment vendors to facilitate the removal of the equipment and cease facility operations.
